## PHILIPPINE WAR POLICY UPHOLD

Col. Wagner Considers Acts Done as the Result of Necessity

Washington, May 31.—Col. Arthur Wagner continuing his testimony before the senate committee on the Philippines this morning said he knew none braver nor more humane than General Bell, who issued the reconcentrado orders to the Philippines. It was Col. Wagner's opinion that the conduct of the war was as humane as any war ever carried on. He defended the reconcentrado policy on two grounds: Duty and right. It was their duty to protect the people from the attack of armed bands, and it was right what the army had done under the rules of war to withhold assistance from the enemy. The burning of villages and towns was sometimes a military necessity, such as the burning of Atlanta by Sherman was.

## NEGROES FIGHT DUEL TO DEATH WITH KNIVES

Stubborn Battle on Streets Watched By Crowd, That Evincing No Desire to Interfere.

Chicago, May 31.—With a crowd of a hundred or more persons looking on, and with no police to interfere, two men fought with knives at Twenty-second and Dearborn streets, until one of them fell dead, stabbed in the heart. The slayer stood, knife in hand, until a policeman from the nearby station appeared and disarmed him without resistance. Once in a cell the man grew sullen and refused to answer questions concerning the deadly quarrel.

The fight was a stubborn one and the combatants seemed to realize that death was to be the portion of the loser. Both victor and vanquished were negroes, and the white persons who witnessed the encounter showed no disposition to call the police. Negroes who looked on seemed to think it was a matter for settlement between the contestants, who might have good reasons for wanting to destroy one another.

Charles Thomas, who eventually succeeded in fatally stabbing Alexander Shirley, is large and muscular. He and Shirley met and quarreled in a State street saloon three days ago, but were prevented from fighting by the bystanders. At that time the men declared that the fight would be continued to the death at their next meeting.

This meeting came at 1 o'clock Friday evening, and both drew knives when they were 20 feet apart. Rushing toward each other they began sparring for an opening, and a moment later two slashes from Shirley split Thomas' coat and vest.

Another pass and Thomas wounded Shirley slightly in the left hand. Shirley then made several lunges at his antagonist, but failed to strike him. On Shirley's last rush Thomas dodged, and with a backhanded blow, succeeded in burying the blade of his knife in Shirley's breast.

## CHICAGO DRIVERS HOLD WHIPHAND

Striking Teamsters Are Now in the Fight to the Finish.

## BOTH SIDES READY

Packers Combine to Fight Demands, and Say They Will Not Give Up.

## NO MEAT DELIVERED

Chicago, May 31.—The situation in the teamsters' strike this morning is more serious. Stock yards reports indicate that not a pound of meat is being delivered. The hotels and restaurants have been notified that if they continue to buy their supply from the packers that their supply of ice and coal will be cut off. Up to noon, however, there has been no violence.

**Declare For War**  
The four big packing concerns of the stockyards have openly declared for war. At conferences held yesterday morning between them and the union leaders representing the striking teamsters they refused absolutely to grant the concessions asked for or any part of them, and what is more, they put themselves on record as being unalterably opposed to the recognition of union labor in the yards.

Consequently Chicago has become the center of what promises to be the fiercest and most stubbornly fought meat strike in the history of the city. The famine which has been threatened by the tie-up during the last few days has materialized. The teamsters have settled down to a long struggle and the packers have made every preparation to meet them.

**Supplies Grow Scant**  
Chicagoans have commenced to suffer from the effects of the shortage in beef. Thousands of persons had their usual supply cut off yesterday entirely, and many others who were able to buy a little meat here and there paid fancy prices for it. All through the city butchers closed down in the morning and many of them will not open until the strike has settled and normal conditions again restored.

**No Ice Delivered**  
To those butchers who have insisted upon taking the meats smuggled into the downtown districts in refrigerating cars the usual supply of ice has been denied, and in some instances the coal supply necessary to operate cold blast furnaces has been shut off. This is peculiarly true of Fulton market, where great quantities of meat are in imminent danger of destruction for want of ice or cold storage.

## FRESHMEN WIN RACE

Outrow the Cadets From St. John's By Hard Work.

Pewaukee, Wis., May 31.—The boat race on Pewaukee lake yesterday between the crew from St. John's military academy and the second freshman crew from the university of Wisconsin resulted in a victory for the latter. The freshmen, after a hard race managed to cross the line three lengths ahead in 9:45. The time for the distance, one mile and a half, was slow, but this was due to a head wind. The day was fine.

The St. John's boys were lighter than the freshmen, but hoped to make up for this by greater activity. They started with a stroke of thirty-six and got the jump on the freshmen. The latter started with a stroke of thirty-five, mulling steadily and strongly. The cadets held their high stroke until they were well in the lead and then dropped to thirty-two and thirty-three, but each time the nose of the freshmen boat began to creep up, and the cadets raised their stroke.

They held the lead for about half a mile when the freshmen crept up on even terms, and in spite of the struggles of the cadets gradually increased their lead.

## WISCONSIN HERO HIGHLY HONORED

Monument Over the Grave of the Late  
Colonel Edgar O'Connor Un-  
veiled at Washington.

The Memorial exercises at Arlington National cemetery on the Virginia side of the Potomac river, opposite the national capital, yesterday were of more than ordinary interest to the people of Wisconsin, and especially to Rock county because the general services, during which President Roosevelt delivered his masterly address, were followed by exercises attending the unveiling of a monument erected over the last resting place of a Wisconsin soldier.

The gallant boy in blue whose memory was so highly honored yesterday was Colonel Edgar O'Connor, who met his death on the battlefield forty-one years ago while fighting at the head of his regiment, the loyal and brave Second Wisconsin. The monument was erected by the survivors of the regiment, which was a part of the famous Iron Brigade, assisted by their friends throughout Wisconsin and in Washington.

Edgar O'Connor was well-known in this city even before his brilliant career as a soldier. He was a son of Bostwick O'Connor, of Beloit and was a member of the Rock county bar, father and son being admitted at the same time, June 6, 1858. Previous to this time he was sent to West Point by Representative Mason C. Darling and graduated from that institution of military instruction in 1857. He remained in the regular army until 1858 when he resigned, came to Beloit and remained there until the breaking out of the war, when he enlisted. He was commissioned colonel of the Second Wisconsin soon after the first battle of Bull Run, and it is to his discipline and first class military training that the second regiment owes much for the magnificent record it made throughout the war.

On the retreat of Pope's army from Culpepper, Va., in the summer of 1862, and about two miles from the little town of Gainesville, at 6 o'clock in the evening of August 28, the Second Wisconsin regiment, commanded by Colonel O'Connor, was ordered by General John Gibbon, then commander of the brigade, to advance upon a rebel battery, and in that engagement met the infantry coming out of the woods. Here, for twenty minutes the Second regiment alone checked and sustained the onset of the whole of Stonewall Jackson's division under one of the most concentrated fires of musketry ever confronted by troops in that or any other war. The battle raged on till nine o'clock that night. The Second Wisconsin lost in the fight eighty-five men killed and 227 wounded. Among the killed was Colonel O'Connor, who was twice wounded on his horse at the head of the regiment, dying soon after from the effects of the wounds.

The remains of O'Connor were brought to Washington and interred in the old Congressional cemetery. Twelve years ago, under the personal direction of the late General Fairchild, of Madison, who at one time commanded the "Iron Brigade," and a number of the survivors of the Second Wisconsin then in Washington, the remains of Colonel O'Connor were removed to their present resting place in Arlington cemetery. It was then proposed that steps be taken to erect a suitable monument over O'Connor's grave. A committee was appointed for that purpose, of which General Fairchild was the chairman. Nothing was done by the committee and the death of General Fairchild brought the movement to an end until it was taken up about a year ago by Captain W. W. Jones, of Madison, now in the government service here, and Jerome F. Johnson, a Wisconsin soldier who has resided in Washington since the war. The vacancy on the committee caused by the death of Fairchild was filled by the selection of Hugh Lewis of Madison, who was a member of the Second Wisconsin regiment and lost an arm in the same engagement where Colonel O'Connor lost his life.

The committee has been successful and a monument of granite about five feet high now marks the grave of Colonel O'Connor. The committee which had charge of the work and which raised the necessary funds to carry out the plan is composed entirely of Second Wisconsin soldiers who knew and admired Colonel O'Connor for his soldierly qualities and who give him full credit for the magnificent work he performed in bringing the raw recruits of the early part of the war of 1861 up to the standard of magnificent fighting quality which the regiment exhibited through its splendid career.

The address at yesterday's exercises were delivered by Representative John J. Jenkins, a member of the Sixth Wisconsin who knew O'Connor well and who saw him on the day of the battle after the gallant colonel had fallen, with the wounds which had proved fatal. The monument was unveiled by Miss Edna Brown, daughter of Representative Webster E. Brown, of Rhinelander.

The day was a delightful one for picnic parties and the river banks were dotted with people enjoying the pleasures of an outing. Numerous cottages have been erected in the last year along the river and in one or two

places along the east bank, above the four mile bridge there are regular settlements. Every year sees additions to the ranks of the cottagers along Rock river, and a number of new launches have been purchased during the last winter.

At the present time the scenery along the river is simply grand, the banks and trees are of a beautiful green and rise up in vast terraces from the waters' edge, presenting an ever changing scene, as one passes up or down stream.

## WISCONSIN IS EASY FOR BELOIT

Plucky Little Congregational School  
Defeats the University Team  
by a Score of 5 to 0.

Beloit college, 5; Wisconsin, 0. This was the result of the annual Memorial day game played between the two rival college teams in this city yesterday afternoon. The score does not tell the full story of the game, however, for the errors of Bray, short stop, and Brush, third baseman, for Wisconsin, were responsible for every one of the runs that Beloit scored.

Everything went Beloit's way. The immense crowd of people who filled the grandstand and were massed along the sidelines were in the main Beloit sympathizers. From carriages, canes and umbrellas floated streamers of gold, offset here and there with dashes of cardinal. Nearly all Beloit, headed by the Beloit brass band, saw the game and went wild over the unexpected triumph of shutting out the university without a single tally.

Adkins Pitches. Adkins was in the box for Beloit and handed out some of his most puzzling curves. A Merrill did some excellent work behind the bat and the entire team gave good support, allowing only one runner of the cardinal to reach third base.

His chance to score was nipped in the bud for two men had already been retired and Adkins struck the third man out. Adkins also felled his position well and exercised splendid judgment, in one instance, when with a man on second base, a Wisconsin batter sent a short ball rolling toward him. Picking it up, Adkins turned in time to send one runner back to second and hold him there, then whirled around and caught the batter before he reached first. It was a quick play and won liberal applause.

Cronkhite's Play. The sensational play of the game was made by Cronkhite who made an excellent running catch of a long fly, falling and rolling over as his hands closed on the ball, but never losing his hold on the sphere. Beloit's infield played fast ball and both infield and outfield accepted every chance.

For Wisconsin, Richardson, the pitcher and Reidelbach, the catcher, carried off the honors. Richardson's work in the box was very effective and he had curves that were tantalizing to the Beloit batters. He pitched a strong game and had his infield given him as good support when men were on bases as when nothing was at stake, the result would have been very different. One of the best stops of the game was made by Brush, the third baseman.

Kline Umpired. J. C. Kline, secretary of the Y. M. C. A. umpired the game, and was severely criticized in one instance by the crowd, who thought that he had changed his decision after sending Slater to first for being hit by a pitched ball. The Wisconsin team protested, claiming that Slater deliberately put his elbow in the way of the ball and threatening to leave the diamond unless Slater was called back to the bat. Kline refused to do this and calling Rob Brown, captain of the Beloit team informed him of Wisconsin's determination.

Kline said that rather than alter his decision he would call the game 9 to 0 in Beloit's favor. Brown was unwilling to have this done and voluntarily persuaded Slater to go back to the bat rather than have the game end in general dissatisfaction.

# MISS LAURA HOWARD,

President South End Ladies' Golf Club,  
Chicago, Cured by Lydia E. Pinkham's Vegetable Compound After  
the Best Doctors of Chicago Had  
Failed to Help Her.

Such letters as the following must surely convey conviction to the hearts of all women that the great claims that Mrs. Pinkham makes for her medicine must be based upon positive evidence.

Is it reasonable, think you, that we could hire such women as Miss Howard to speak well of Lydia E. Pinkham's Vegetable Compound just for commercial reasons? Impossible! and it is an insult both to her and to Mrs. Pinkham to suggest such an idea; therefore, let every woman read this letter and believe, for it is as genuine in every particular as the eyes with which you read these words.

Mrs. Pinkham invites all women who are ill to write her for advice. Address Lynn, Mass., giving full particulars.

MISS LAURA HOWARD.

"DEAR MRS. PINKHAM:—I can thank you for perfect health to-day, and gladly do I acknowledge it. Life looked so dark to me a year or two ago. I had constant pains, my limbs swelled, I had dizzy spells, and never knew one day how I would feel the next. I was nervous and had no appetite, neither could I sleep soundly nights. Eight bottles of Lydia E. Pinkham's Vegetable Compound, used in conjunction with your Sanative Wash, did more for me than all the medicines and the skill of the doctors. For eight months I have enjoyed perfect health. I verily believe that most of the doctors are guessing and experimenting when they try to cure a woman with an assortment of complications, such as mine; but you did not guess when you mixed your Compound; you evidently know what you are giving suffering women and are sure of what it will do. How I wish all suffering women could only know of your remedy; there would be less suffering and many thousands more happy and healthy women in America."—LAURA HOWARD, 113 Newberry Ave., Chicago, Ill.

O, my sisters, I do pray you to profit by Miss Howard's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

The street assessment committee met at the city clerk's office at 2 o'clock this afternoon and opened bids for the largest individual contract for street improvement ever let in the city. The bids were for the macadamizing of Milton avenue from East street to St. Mary's avenue, or a stretch of about half a mile. The cost of the work will be between \$13,000 and \$14,000.

The specifications drawn up by City Engineer Kern call for 5,500 cubic yards of excavation, 15,219 square yards of macadam pavement, 2,030 linear feet of combined cement curbing and gutter, 4,433 linear feet of brick gutters and 203 square yards of brick cross walks. Four bids were received for the work, the bidders being Brown & Connors, Janesville, P. W. Ryan, Janesville; Blake Bros., of Madison; and Cape & Son, of Racine. Although the city engineer has not fully completed his figures on the cost of the work under each of the bids, it was conceded that Blake Bros. were the lowest bidders. If all the other conditions of the bids are in due form there is no doubt but what their bid will be the one recommended to the council for acceptance.

The bids were:

Excavation, cu. yds.	37	40	36	38
Macadam pav'tment, sq. yds.	53	51	49 1/2	52
Comb' cement curb and gutter linear feet	32	30	29 1/2	31
Cement curbing, lin. foot	47	53	49 1/2	49
Brick curbing, square yd.	\$153	\$200	\$200	\$210

## YOUNG MEN WERE GUESTS OF HONOR

Reception Given in Their Honor at the Y. M. C. A. Building Was Successful and Enjoyable

The reception given for the young men of the city at the Y. M. C. A. building last evening was a signal success, about three hundred young men accepting the invitations issued by the Christian Union of Young People's societies of Christian Endeavor and Epworth League. Many of the guests were almost total strangers in the city and they appreciated the courteous way in which the young people's societies manifested their interest.

The building was brilliantly lighted and decorated with red, white and blue bunting and potted palms. The decorations were the work of a committee consisting of Myrtle Dewey, Edith Maltress, Charles Johnson, Ralph Grove, Maurice Erickson, Flora Rider, Frank Hall, Gertrude Scott, Mabel Rustad, Genevieve Wilson and Amy Ross.

As the guests entered the building they were greeted by the young people who served on the reception and entertainment committees. These committees were both large ones and the members filled their duties well, mingling with the crowd all over the building and having a word of welcome for every guest. Miss Nellie Smiley was chairman of the reception committee and in her absence from the city, Miss Katherine Stoddard served as chairman, being assisted by a committee of twenty-five young people from the various churches. J. C. Kline was chairman of the entertainment committee and his assistants were a number of young men from the Y. M. C. A.

Some of the Attractions  
The entire reception was informal in its nature. The general chairman was Mrs. W. F. McCaughy and Miss Evelyn Packer's committee had charge of the program. A large gramophone furnished a great deal of entertainment and the guests listened with special pleasure to a violin solo by Miss Mamie Hillbrandt and a recitation by Miss Alice Crawford. Miss Hillbrandt played beautifully, her selection being "Norma." Miss Leona B. Stevens played her accompaniment. Miss Crawford recited Mrs. Griggs' "Philosophy" in a very natural and pleasing manner.

Baskets from the field were thrown by Lee, Shepard, Churn, Welch and Gregory, the last named player throwing three baskets on fouls also. E. C. Koehler, physical director, refereed the game.

## THREE MEN HURT AT Y. M. C. A. GYM.

Horizontal Ladder, Crowded with Men, Breaks During Last Evening's Reception.

An unfortunate accident occurred at the Y. M. C. A. building last evening in connection with the reception given in honor of the young men of the city. As a result, C. O. Reese has a severely sprained ankle, Frank Hall a wide cut down the center of his forehead and painful bruises, and another young man, a student in Valentine's School of Telegraphy, one eye injured.

The accident was the result of the breaking of a horizontal ladder. When the crowd adjourned to the gymnasium to watch the basket ball game, several gentlemen climbed out on one of the horizontal ladders and seated themselves there to watch the playing. Under the weight of the men, the ladder suddenly gave way and they fell to the floor.

The spectators were badly frightened, especially as blood poured quite profusely from Mr. Hall's forehead. Mr. Reese's ankle was so badly injured, that it was necessary to summon Dr. J. F. Pember, to attend him. It was thought at first that some of the bones were fractured, but the examination proved this untrue.

## ANTI-TRUST LAW MAY BE INVOKED

Pennsylvania Miners Likely to  
Appeal to State Authori-  
ties for Aid.

### DEMAND INCREASE IN KANSAS

Men Threaten to Quit Work if Opera-  
tors Fail to Comply With Terms of  
New Scale—Primise Support to  
Eastern Strikers.

Scranton, Pa., May 31.—District  
President Nicholls made a statement  
to the effect that the matter of pro-  
ceeding against what he terms the  
coal trust through the state authorities  
is being considered and declares such  
action may be taken. He said that  
the idea originated at the collieries of  
the independent operators, who are  
willing to concede the demands of the  
United Mine Workers, but they are  
helpless because the big fellows stand  
in their way.

A meeting of the Ontario and West-  
ern men was held in St. David's hall.  
The men voted 58 to 44 to obey the or-  
ders to strike on June 2 unless the de-  
mands for an eight-hour day are com-  
plied with. Nicholls says that the en-  
gineers will strike on Monday, too,  
and that the demand for an eight-hour  
day made on behalf of the firemen, en-  
gineers and pump runners will not be  
withdrawn under any circumstances.

To Flood the Mines.  
Shamokin, Pa., May 31.—Unless the  
Reading Coal and Iron company  
changes its present plans, thirty-six  
collieries, employing 24,000 men and  
boys, in the ninth district will be al-  
lowed to flood next Monday. Three of  
the best collieries of the company in  
Schuylkill county will be saved from  
flooding by the company, at all  
hazards. A force of 250 coal and iron  
policemen are ready to guard non-  
union engineers and firemen, who will  
be put to work should a strike take  
place.

Engineers Oppose Strike.  
Wilkesbarre, Pa., May 31.—The  
committee representing many of the  
engineers of the Lackawanna and Wy-  
oming valleys were at President  
Mitchell's headquarters in this city.  
They requested that the strike order  
issued by the executive committee last  
week, ordering out all the engineers,  
firemen, and pumpmen be rescinded.  
The committee say the men they  
represent are opposed to going out on  
strike. District Presidents Nicholls,  
Faby and Duffy declined to receive  
the committee or take any action until  
the arrival of President Mitchell. It  
can be stated positively that the order  
will be rescinded.

Kansas Miners May Strike.  
Pittsburg, Kan., May 31.—The Kan-  
sas miners' convention here is prepar-  
ing a schedule of wages which will  
be submitted to the operators. In case  
the demands are not granted by the  
operators it is understood that the  
miners will order a general Western  
strike.  
The miners wired to National Presi-  
dent Mitchell offering to give full  
moral and financial aid for the strik-  
ers in anthracite fields. It is hardly  
believed here that the miners will  
favor a sympathy strike with the East-  
ern miners if the differences can be  
adjusted in Kansas and Missouri.

### HONEST OFFICIAL REWARDED

Rectifies Error of Twenty Years  
Standing and Is Re-elected.  
Passaic, N. J., May 31.—William

over all his property, valued at \$80,000  
to \$100,000, to make good a shortage  
of \$63,000 in his accounts as secretary  
of the Mutual Loan and Building as-  
sociation, caused by an error in book-  
keeping twenty years ago, has been  
re-elected secretary of the association  
at the annual meeting. The stock-  
holders expressed great regard for  
Secretary Malcolm, who sacrificed  
nearly his entire property to rectify  
the error.

Fatally Hurt by Gun Explosion.  
Wichita, Kan., May 31.—While pre-  
paring to fire a Decoration day salute

maturely, wounding three members  
of the battery. George Hatter of Peck

at the shoulder and this left him in  
such a weakened condition that he  
could not survive when the hemor-  
rhages began.

linda E. Rowley, wife of Alexander

New Orleans, and later at the barracks  
in that city, where she met Mr. Row-  
ley.

### MUST BELIEVE IT.

When Well Known Janesville

People Tell It So

Plainly.

When public endorsement  
is made by a representative citi-  
zen of Janesville the proof is  
positive. You must believe it.  
Read this testimony. Every  
backache suffered, every man,  
woman or child with any kid-  
ney trouble will find profit in  
the reading.

John M. Stetson, of Hotel Myers  
day clerk, says: "A physician pro-  
nounced my trouble kidney complaint.  
If the severe pain across the small of  
my back is any indication of the said  
complaint, I guess I had it. For two  
years I suffered with attacks, some-  
times violent, sometimes dull  
grinding aches, which robbed me  
of considerable energy. I used in  
addition to doctor's prescriptions, sev-  
eral preparations said to be sure cures  
for kidney complaint, but up until I  
procured Doan's Kidney Pills at the  
People's Drug Co.'s drug store, I re-  
ceived little if any permanent relief.  
I took a thorough course of treatment  
prescribed by Doan's Kidney Pills and  
it cured me. Up to date I have not  
noticed any recurrence of my old  
trouble."

### TIRED OUT.

There's many a farmer's wife sits on the  
porch in the growing shadows of a sum-  
mer evening, knowing to the full what it  
is to feel tired out; as if there was not  
another ounce of effort left in her. But  
she knows how  
sound her slum-  
ber will be and  
how refreshed  
the morning will  
find her. That's  
the tiredness of  
a healthy  
woman. But it's  
another thing  
for the sick  
woman to feel  
tired out. Rest  
only seems to  
increase her  
suffering. Just  
as in profound  
silence a discord  
jars the ear  
more forcibly,  
now that she  
has stopped  
moving about,  
this tired woman  
feels more acutely  
aching back and  
throbbing nerves.

Sick women, hundreds of thousands of  
them, have been made well by the use of  
Dr. Pierce's Favorite Prescription. It  
establishes regularity, dries weakening  
drains, heals inflammation and ulceration  
and cures female weakness.

"Words cannot tell what I suffered for thirteen  
years with uterine trouble and dragging  
down pains through my hips and back," writes  
Mrs. John Dickson, of Grenfell, Assiniboia Dist.,  
S. W. Ter. "I can't describe the misery it was  
to be on my feet long at a time. I could not eat  
nor sleep. Often I wished to die. Then I saw  
Dr. Pierce's medicines advertised and thought I  
would try them. Had not taken one bottle till  
I was feeling well. After I had taken five bottles  
of 'Favorite Prescription' and one of 'Golden  
Medical Discovery' I was like a new woman.  
Could eat and sleep and do all my own work."

## THE ADVERTISING BUSINESS

Why Young Men and Young Women Ought to Study It.

It is somewhat surprising to the average person to be told that the advertising business is the greatest business in the world. That this is a fact is shown by statistics. As nearly as it is possible to estimate, there are expended for advertising in the United States about \$600,000,000 a year. This is an immense amount of money—a sum whose magnitude can be grasped when it is noted that the entire annual wheat crop of the country is worth but \$319,000,000, the production of all the gold produced in the United States in one year amounts to but \$210,000,000. It has just been pointed out by an eminent authority that the proper handling of this vast amount of advertising money and the proper preparation, making and placing of all kinds of advertising offers the most seductive and brilliantly profitable occupation for young men and women.

The best of it is that the field is not crowded—that there is an actual dearth of people who really understand the advertising business. It is not a hard business to learn and can be learned quite inexpensively. One of the beauties of it is that you earn as you learn, thus paying expenses as you go along.

The advertising business pays very large salaries and the work is dignified and pleasant. Even those who do not contemplate going into business, should by all means study the art, as it has become demonstrated that business success is impossible without good advertising and that those who forge to the front and make the fortunes, are those who have learned the principles of advertising and how to apply them. Public attention has been called to these matters by Mr. Charles Austin Bates, the well-known advertising specialist, Vanderbilt Building, N. Y., who has formulated a plan for the thorough and practical teaching of the advertising business in all its branches and which plan, he says, will be explained without cost to anybody who is interested.

## Aeronaut is Injured.

Newark, N. J., May 31.—Five thousand horrified persons witnessed the precipitate fall from a balloon of Professor LeStrange, professional aeronaut, at the Wallburg bicycle track. Hundreds ran to the spot expecting to find him dead. They were relieved to find him alive and conscious, although badly injured in the back and limbs and dazed by the shock.

## Kills Daughter and Self.

New York, May 31.—Mrs. Rose Fliglow, wife of a newsdealer, killed her 6-year-old daughter Bertha by gas asphyxiation and then committed suicide by taking carbolic acid. The woman had been a sufferer from a nervous disease for several years and it is supposed she was temporarily insane.

**Whitehead's Triumph.**  
The failure of the plan to discredit Senator Whitehead in his own county shows that the Republican League made no mistake when it selected the Rock county man for its standard bearer. The state administration made a desperate effort to prevent Mr. Whitehead from carrying his home district. It called to its aid various state officers to act as electioneering agents, and actually went so far as to solicit vote of democrats at the Republican caucuses in order to down the candidate and destroy his prestige.

Senator Whitehead has emerged from this contest with clean hands. His temper has been severely tried at times, but his equanimity was never seriously disturbed. Of course he cannot but regard with a certain degree of contempt those state officials, who, during the contest fetched and carried, and loaded, and jockeyed and ate heaps of dirt all with a view of the thrift that follows fawning, but he gave no outward token that he was annoyed in the least. Mr. Whitehead is a man of a very generous nature. There is a simple dignity in his manner which marks him out as one of nature's gentlemen.

Recent events have proved his strength of character and intellect as well as the high estimation in which he is held by the people of his own county, who know him well and can appreciate his many sterling qualities.—Eau Claire Leader.
